NoteCase 16 iPads

NoteCase 16 iPads - extra room - with NoteSync

Charges 16 iPads quickly and at the same time

NoteCase 16 iPads is a storage case that stores, charges and synchronises 16 iPads at the same time. The 16 iPads are placed vertically, and are well protected by the foam casing. There is extra room for each individual iPad so they can all be stored with a Griffin cover.

Charging at maximum electric power ensures a fast charge and protects tablet batteries. In addition to being able to charge 16 units, NoteSync can connect these units to a USB port on a master machine and thereby synchronise all 16 iPads at the same time.

Specifications

Length:	630 mm	Interior dimensions:
